

COMMISSION FIXES LIVESTOCK VALUES

CATTLE RAISED 50 AND SHEEP 75 PER CENT—POULTRY IS TAXED THIS YEAR

Increases of 50 per cent in the valuation of cattle and 75 per cent in the valuation of sheep were made by the Nevada tax commission at its meeting held last week in Carson, at which the valuation of all livestock in the state for the year 1915 was fixed. In reality the increases on cattle and sheep are considerably more than the percentages above given, as no deduction for range losses is allowed. Last year stockmen were allowed to make a deduction of 25 per cent to cover estimated range losses.

This year the assessment of all kinds of livestock is to be based on a count to be made on the first Monday in May at noon. For the first time ever known in this state chickens, turkeys and ducks are to be assessed.

The valuations per head of all the different kinds of livestock and poultry, as given in the official notification received by Assessor O'Connell from the tax commission are as follows:

Cattle—All classes, exclusive of suckling calves, \$30.
Hogs—All classes over eight months old, \$10.

Pigs—All classes, from two to eight months old, inclusive, \$5.

Sheep—All classes, exclusive of lambs born in 1915, \$3.50.

Lambs—Born in 1915, \$1.

Goats—All classes, exclusive of kids born in 1915, \$3.50.

Kids—Born in 1915, \$1.

Chickens—Thirty-five cents.

Turkeys—One dollar.

Ducks—Fifty cents.

Geese—One dollar.

The assessment value per head of horses, mules, jacks, jennies and burros is left to the various county assessors, provided that such assessment value shall be on the basis of 75 per cent of the full cash value.

Last year cattle were assessed at \$20 and sheep at \$2 per head, less 25 per cent for range losses. Hogs were assessed at \$10, pigs at \$5 and goats at \$3 per head.

Humboldt county will lose largely by the commission's order changing the date for making the count of livestock from the first Monday in March, as it has been heretofore, to the first Monday in May. On the latter date thousands of head of sheep owned in this country will have been transferred from the winter ranges in Humboldt to the summer ranges in Elko and they will be assessed in the latter county. This will benefit the sheepmen, as the county tax rate in Elko is lower than in Humboldt, and it will make no difference to the state. Another loss will be occasioned from the fact that by the first Monday in May practically all the cattle and sheep fed at Lovelock will have been shipped out of the state. Heretofore these feeders, aggregating thousands of head, have been assessed early in March. The change will mean that California packing houses and butchers will escape the payment of several thousand dollars in taxes, as they own nearly all the cattle and sheep which are fed at Lovelock every winter.—Humboldt Star.
